

SWITCH BOXES
SINGLE-GANG - 1" DEEP

Application

- Shallow switch boxes are made for use with furring strips and 1/4" paneling

Product Features

- Shallow boxes have a "D" bracket that is scored, so it may be broken off if needed
- RACO® offers a variety of labor saving mounting brackets that allow for easy positioning of box along studs or joists
- See Box Selection section in the front of this catalog for complete description of bracket types and features

Compliances

-  – File E195978 (Cat. #404 and #405 not UL Listed)

 All RACO® single gang, two gang, 4" square, and single gang gangable U.L. listed steel boxes are acceptable for use in 2-hour fire rated walls. For additional information, consult U.L. "Fire Resistance Directory" or the U.L. website at www.ul.com
